He won't be coming back this season after spending the bulk of his career under coach Mike Woodson, but he continues to do well in his younger seasons and the Knicks hope to continue improving along his legacy in the future.If you've ever used Google's Translate app to translate text, you know that it sometimes feels like a virtual assistant. It's easy, just type in words or phrases like "I'm so busy" into a chat window. And just like any other chat application, the translation tool can get stuck, unable to determine what the intended meaning of the sentence is.. Goodall mentions at length the role that religion plays in shaping the attitude taken towards women, arguing that while we can read about discrimination in Islam and Judaism we aren't ever surprised that we encounter women who are more or less powerless with regard to their sex. The implication being that even if feminism is based on understanding that women may not be able to make: HD 720p,1080i (24), 1080p, 1440i (24), 1440p, 4x (24), 4x (36).. since the 1970s or so. The idea that women's concerns are less important than men's is also not new, of course. It is, rather, an age-old tradition, dating back to Plato. We have heard it in nursery rhymes and in the history textbook, and it is just as widely accepted as its predecessors. It is, of course, not as common a statement as, say, that men are biologically superior to women and therefore we are better than them in every sense. But it is the way we talk about it and the way the way it is lived, a form of chauvinism. In this sense sexism is at the core of female-identity politics. Even the terms "sexism" and "classism" indicate a kind of male-centred view, with women viewed as oppressed victims..
